4. If the organiser (moderator) has started the videoconference, the following screen will appear (see below). If you are willing to participate by speaking or presenting, please, choose to join with a microphone. However, keeping it turned off whenever possible turn it on only when you have to use it.

5. The microphone window looks as follows. If you have no sound issues, answer yes. If you have any troubles with a sound, check instructions for solving issues with the videoconference.

6. You are now ready to participate in the videoconference. Turn on the video camera, if necessary.

7. When it is your turn to present, you will be informed about it. Then you will have an opportunity to upload your presentation. Press the blue button with a plus ("+") on it and choose "add presentation".

8. Choose the presentation, which you want to present. Please, save all your presentations in the .pdf format in advance in order to avoid any issues with convertion. Press "Upload".
